James Young, for 50 years gatekeeper at the Lexington Asylum, is dead.

Three girls and 11 men were sentenced to death by court martial at Warsaw, Poland, for attacking a post car at Sokolow, on the Vistula railroad, last January.

The Brotherhood of Locomotive Engineers voted to retain its general headquarters in Cleveland. Detroit was selected as the next meeting place of the biennial convention.

The Mauretania succeeded in breaking her own record for the long transatlantic voyage from Queenstown to New York by two hours and forty-one minutes. She covered the distance between Gaunt's Rock and Sandy Hook lightship in four days 21 hours and 18 minutes.

The big balloon "Chicago," which left Quincy, Ill., at 6 o'clock Monday night, ran into a heavy rainstorm and dropped to earth at a point six miles southwest of Clear Lake Tuesday. It was in the air 11 hours and made an average speed of 75 miles an hour.

The Irtreathitt grand jury adjourned after being in session seven days and returning 120 indictments. Sixty-one of these charge illegal sale of liquor. One charges murder and nearly all of the others charge either carrying concealed weapons or shooting on the highway.

With a farewell to his friends of "Here goes boys," Rudolph Yent, aged 35, an L. & N. engineer, placed the muzzle of a .38 caliber revolver in his mouth and sent a bullet through his brain in a Louisville saloon. Despondency over the death of his wife is attributed as the cause of the deed.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Harrodsburg, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says "Success to Foley's Kidney Cure." Penny's Drug Store.

At a meeting of the Russian Navy League it was admitted that the restoration of the battleship fleet would cost \$750,000,000, with an annual outlay of \$125,000,000. The expediency of constructing a submarine fleet was urged instead.

## Cures Gapes Instantly.

BARDSTOWN, Ky., May 4, 1908. One drop of R-4-11-44 dropped down the bill of a gulping chicken kills the worms and relieves the chicken instantly. When fed in feed or water it is the best preventive I have ever seen. Will Combes.

Here are some interesting figures given for users of gas meters: In three months out of 2,805 meters tested, after complaint, 524 were correct, 1,820 were fast and 661 were slow.

An Eastern philanthropist has offered a contribution of \$50,000 to Berea College for the colored branch on condition that the college raises an equal amount.

Headquarters for Speaker Cannon have been opened in Chicago.

## The Democratic State Convention.

Lexington is making extensive preparations to entertain the State convention and no effort will be spared to assure the comfort of every person who attends. The whole city is taking the greatest interest in the matter and all of the details are in the hands of committees composed of representative citizens.

There is every prospect now that the convention will be the largest in the history of the democratic party in Kentucky. A large proportion of the population of the Bluegrass section, easily reached by interurbans and steam railroads, will turn out and reports come from every section of the State indicating an unusually large attendance.

One of the encouraging features of the situation is the fact that there is a disposition in every part of Kentucky for the democrats to get together, bury all of their factional differences and unite for a great democratic victory. The republican convention recently held in Louisville was marked by a bitter struggle between two factions. Nearly half of the seats in the convention were contested. It is now probable that there will not be a single contest in the democratic convention to be held in Lexington. Reliable information from those parts of the State where there was the greatest danger of factional strife, is to the effect that the factions are getting together, and the convention now promises to be not only the largest but the most harmonious ever held by Kentucky democrats.

Lexington and Lexington Democrats are particularly interested in having not only a harmonious convention but a large attendance. Elaborate preparations are being made to insure comfortable quarters and abundant restaurant facilities. Nobody who comes to Lexington need fear that there will be any trouble about a comfortable place to sleep or any lack of opportunity for good meals at reasonable prices. Lexington is particularly anxious to do her part in a creditable manner, and the matter has been taken up in such a way as to insure the most thorough preparation.

Special pains will be taken to provide for the comfort and convenience of the newspaper men. A special press committee has been appointed and ample facilities for reporting the convention will be provided. Special effort will also be made to see that every newspaper man has comfortable quarters.

Weak women should try Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories go direct to the seat of these weaknesses. My "Hook No. 4 For Women" contains many valuable hints to women, and it is free. Ask Dr. Shoop, Racine, Wis., to mail it. Ask the Doctor in strictest confidence, any question you wish answered. Dr. Shoop's Night Cure is sold by Penny's Drug Store.

In an opinion by Judge Carroll, the Court of Appeals to-day affirmed the case of A. L. Ewell vs. Jarvis Jackson, from Laurel, and held that where a regular Judge is disqualified to sit in a case, and the special Judge fails to sign the judgment, the regular Judge cannot legally sign the judgment, and the unsigned judgment is no judgment at all.

"There goes another of them durned screeching flat car wheels," said the man on the porch to his wife.

And he said it loud and irritably. Then the man on the porch next door went in the house and stopped his daughter's attempts at singing.

## The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes R. F. Ayscove, of Ingleside, N. C. "Sold under guarantee at Penny's Drug Store 25c."

The 100th anniversary of the birth of Jefferson Davis was celebrated quietly in Denver by Mrs. J. A. Hayes, of Colorado Springs, the youngest daughter of the leader of the Confederacy and the only member of his family now surviving.

The Attorney General of Arkansas decides that a woman has the right to wear overalls. As she generally wears the breeches, this decision is superfluous, except in the line of cleanliness.—Frankfort Journal.

The greatest heat is never found on the equator, but some 10 degrees to the North, while more severe cold has been registered in Northern Siberia than has been found near the pole.

Stanford residents should use Hyo-mel at this season, and cure all kinds of troubles which are prevalent. Sold by Penny's Drug Store under guarantee.

President Roosevelt was thrown from his horse, but was not much hurt.

T. A. Pedley, receiver of the Owensboro Savings Bank and Trust Co., has filed a report in court in which he says that under the most favorable conditions the general creditors could not hope to realize more than 15 cents on the dollar. Many of the assets are valueless and but few can be disposed of at par.

## Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Penny's Drug Store. 50c. and \$1. Trial bottle free.

George Davis, City Prosecutor, of Frankfort, has received a letter signed "Night Riders," threatening him with violence. The letter was in printed characters, done with a pencil, and said that a raid would be made on Frankfort soon, and that Davis would be attended to among the first.

## Bucklen's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 25c box won the day for me by affording a perfect cure." Sold under guarantee at Penny's Drug Store.

In the case of Daniel Vaughn, &c., vs. the Sue Bennett Memorial School in which the former sued for \$5,000 damage sustained by getting his hand crushed in a broom manufacturing machine, the suit was dismissed on peremptory instructions.—London Sentinel.

## MIDDLEBURG.

Jones' show at Yosemite did not come up to the expectation of those who attended. The children were well pleased, but those who "just went along to take the children," think it was very poor.

Lincoln Wells and J. C. Lay were in Louisville for a few days. Mrs. Layhorn has returned from Kingsville. Misses Lula and Nannie Adams attended the dedication services at Mt. Olive Sunday. Mrs. A. R. Scott, of Sedalia, Mo., is with her parents, Mr. and Mrs. J. A. Estes.

The dedication services at Mt. Olive caused a slim attendance at the Sunday schools here. However, by blending the Methodist and Baptist congregations, Rev. W. G. Tilford had a fairly good audience at the Baptist church. Rev. W. W. Hunt preached at the Baptist church Sunday night.

The following young ladies have secured schools and will begin teaching about July 10: Miss Mary Bryant at Blue school house on Bastin creek; Miss Lula Adams at Waittown, Miss Alma Thomas at Turkey Knob and Miss Bettie Royalty at the Hogue school house on the Trace Fork pike.

"Whatever a man soweth that shall he also reap," seems to have been verified in the killing of Harlan Carman at Waittown, this county, last Friday. Carman went to the dogs at a rapid rate when he started. Some seven years ago he went into the goods business with a small capital and did well. He was respected by his neighbors but became too familiar with certain lewd women. This caused a separation from his wife and he went from bad to worse, frequently having trouble with his neighbors. He was indicted and often before the courts; in short he had gotten to be a very troublesome character and those who knew him best wonder that he did not pay the debt sooner. But it is all over with him now and we suppose the evil he did should be forgotten. As to Rufus Taylor, who did the killing; he is not a model citizen by any means. He has been in the courts some but was not considered a dangerous man. No one ever thought he would kill anyone and all were surprised to learn that he had taken the life of Harlan Carman. The writer was present when he surrendered to Deputy Sheriff Jack Wells and he assured us that he fired the fatal shot to save his own life. The sympathy of Waittown people seems to be with him and it is believed he will be acquitted at his examining trial, which was to have been held at Liberty Thursday.

## A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Penny's Drug Store. 50c.

### DEMOCRATIC TICKET.

For Congress

HARVEY HELM

of Lincoln county.

The Boston Transcript finds on investigation by a personal representative that in the first three months of this year in Atlanta there were 2,211 cases in the police court, 326 of them for drunkenness, against 4,386 in all and 1,400 for drunkenness in the corresponding period of last year. A builder who employs 75 men, mostly Negroes, said that before this year he was short half his men on Monday, a third of them on Tuesday, and didn't get his whole crew together until Thursday. Since January 1 he had 95 per cent. of his men every day. This speaks pretty well for prohibition, and seems to prove that prohibition can be made to prohibit where public sentiment is favorable to the enforcement of any and all laws. Prohibition and local option are both all right; the trouble is with people who "lay down" as soon as the sale of whisky is taken from the saloons. Long before Lincoln county's saloon licenses expired a law and order league was formed, the purpose of which was to aid the officers in preventing the illegal sale of whisky. The enthusiasm soon died out, the local optionists became careless and the result is red liquor is being sold here and at many other places in the county. Will our "people" never wake up and in their might stop such disregard of the law? Let them act at once or stop their hypocritical cry for local option. The officers are willing but they can't do it all and every good citizen should lend them his aid.

FORMER UNITED STATES SENATOR JAMES K. JONES, of Arkansas, aged 69, died at his residence in Washington City, after an illness of a few hours. He was one of the leading democrats in the Senate from 1885 to 1903, and was one of the strongest supporters of William Jennings Bryan, having, as chairman of the National Democratic Committee, conducted the campaigns of 1896 and 1900. Since leaving the Senate in 1903 he had conducted a law practice in Washington and had not actively engaged in politics.

BETWEEN 29,000 and 30,000 bills were introduced in Congress at the session just ended. Of this number House members furnished nearly 23,000 and Senators between 6,000 and 7,000. Of course, only a very small number of these bills became laws, but there is still a chance for some of them to be enacted at the session which opens next December.

HON. WILLIAM H. SHANKS continues to meet with encouragement in his race for Executive Committeeman and nothing seems surer than that he will win. If the people all over the district knew Mr. Shanks as well as those of his home county, there would be no dissenting voice against the excellent gentleman.

THOSE postmasters who have received raises in their salaries will be better than ever prepared to subscribe to the republican campaign fund this fall. Congressman Edwards, of the Eleventh district, got increases for a half dozen postmasters. Wonder what per cent. Taft will get the benefit of?

It is stated on fair authority that John Mitchell, the labor leader, will be nominated as Bryan's running mate. The great common people would be well represented by this pair.

Mr. Roosevelt reiterates that he is in no sense a candidate and that no friends of his would try to defeat Taft.

## POLITICAL.

Maryland Democrats in convention in Baltimore selected an uninstructed delegation to the Denver convention. G. Lee Wainwright, of Winchester, has announced for Congress on the democratic ticket in the Tenth district. The typewritten copy of Senator La Follette's filibuster speech, which has been sent to him for revision, weighs about 19 pounds.

The Idaho democratic convention at Twin Falls split on the question of Mormonism and will send contesting delegations to Denver.

According to returns received Senator W. B. Allison is nominated United States Senator from Iowa by a majority of fully 12,000 over Gov. A. B. Cummins.

Arkansas democrats, in convention at Little Rock, instructed their delegates to instruct for Bryan. Senator Jeff Davis was defeated for delegate-at-large.

The National Democratic Committee is having pictures of the idle engines of the various railroads photographed for exhibits during the campaign of Roosevelt prosperity.

When Robert Smith retired from the office of Mayor of St. Paul he was presented with a draft for \$11,000, contributed by 81 business men of St. Paul as an appreciation of his services to the city.

Judge Cook dissolved the temporary injunction preventing David Smith acting as sheriff of Christian county, and the grand jurors summoned by J. M. Renshaw were summoned again by Smith before they were sworn in.

The President appointed J. Frank Taylor, of Glasgow, Surveyor of the Port of Louisville to succeed W. G. Dearing, resigned. It is expected that William Henry Jones will succeed Mr. Taylor as postmaster at Glasgow.

In the re-count of votes in the Hearst-McClellan mayoralty election in New York in 1905, seven ballot boxes taken from the first assembly district showed a net gain of four votes for Hearst. The net gain for Hearst to date in 33 boxes is 93 votes.

With the exception of the United States Senator the entire Republican State ticket has been elected in Oregon. In the senatorial contest the indications are that Chamberlain, Democrat, will be the people's choice over Cake, Republican, with a majority of about 1,000.

The first of a series of conferences with republican leaders at which the Chicago platform was discussed, was held by Secretary Taft with Wade Ellis, of Ohio. It is understood that Mr. Taft desires the platform to be a strong endorsement of the Roosevelt policies, and that he intends in his speech of acceptance to pledge himself to carry them out.

The president is said to have started on another campaign against "predatory wealth." First he will attempt to indict the Print Paper Trust; second he will seek to indict financiers whom he believes responsible for the panic that followed his attack on the Standard Oil Company, which he is said to have ordered renewed on the belief that the \$29,000,000 fine will not stand the test of the courts.

A boom has been launched by friends of Col. W. P. Walton, who lives in this city but goes down to Frankfort every day to look after the welfare of his sprightly daily paper, the Frankfort State Journal, to secure his selection as delegate from the Seventh district to the National Democratic Convention, says the Lexington Leader. The matter will be taken up in earnest and it is believed that he will have no trouble in securing the place at the Democratic State Convention June 11. Col. Walton is a democrat of lifelong standing, and one who is always on the firing line in support of democratic nominees, adds the Frankfort Weekly News.

Colin is the great unbeaten. He ran 12 races last year and won them all—\$132,700. This year he won his first start for his 13th race; but, in a fast work-out, he seemed to go amiss in his feet and it was understood that he would not try for the Belmont Stake. But he did, and won, with \$20,000 to his credit.

If one feels dull and spiritless, in the Spring or early Summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our Winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a falling appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Penny's Drug Store.

Tramp—Can I see the lady of the house?

Tramp—That don't make any difference. I don't want to marry her.

**Will Cure Consumption.**

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. Penny's Drug Store.

To stop any pain, anywhere in 20 minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache—Pain Tablets—will quickly coax blood pressure away from pain centers. After that, pain is gone. **Rheumatism**

I have found a tried and tested cure for Rheumatism. It will establish the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pains of this terrible disease.

In Germany—a Chemist in the City of Darmstadt—found the last ingredient with which Dr. Rhoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism but now, at last, I can cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes found in Rheumatic blood, and which pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes free the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual cause to suffer longer without help. We sell, and in confidence recommend
